1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole at this point in time. Finally, the third section asks for some information about you, to aid analysis.

We recognise that this term has been particularly challenging for everyone due to the wider public health situation, with disruption experienced by both students and teaching staff. The School is continually striving to deliver the best possible educational experience despite these challenges and your views about your learning experience at LSE are a valuable source of information about this. The results will be used to help improve the teaching and learning experience for you and your peers and to identify good practice.
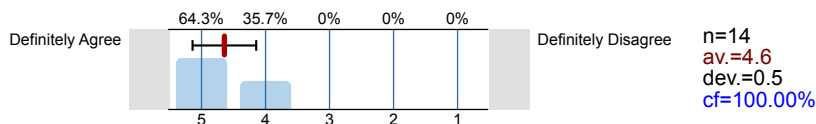

The School assumes that your response is broadly positive if you 'mostly agree' or 'definitely agree' with a statement.

1.12) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Arnaud is a really good teacher overall and is always able to explain topics in a clear way. He also makes his classes interesting by discussing additional topics related to the problem set.

- Arnaud makes every class clear and involving, he answers questions with great patience and his ppt is neat. He is a good teacher and he is the reason that I'm even attending seminars on Friday evenings.

- Great job Arnaud! I thought you did an awesome job with everything, communicated concepts well and gave helpful feedback on homework

- He explain very easily, and his note (ppt file) is very useful.
  Also, he is very kind and give us quick response

- Teacher provided a detailed set of slides for each class. Answers to the problem sets were discussed in detail and the teacher always hung back to take questions. I learned a lot in my macro class.

- The summary of the problem set answers as slides sent to us per mail were extremely useful.

- good slides
  good explanation
  respond to emails and questions

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- Could slow down a little bit sometimes and provide more intuition/summary on class materials.

- Maybe it could be more helpful if we had the opportunity to discuss certain problems at length every week maybe in groups or went

---

through coding the dynamic models but I think that's not up to the teacher, rather it is a decision for the school.

- nothing

- sometimes could give more economic intuition

3.27) 2.16 Please comment below on aspects of this course you think were particularly good.

- Professor made the topics interesting through his knowledge and charisma. Topics were well chosen and pertinent.

- challenging and stimulating

- understanding macro economics

3.28) 2.16b Please comment below on aspects of this course you think could be improved.

- A major part of macroeconomics is computer programming, but it was absent in both parts of EC413.

- some part of this course is too challenging, it takes a lot of time and effort to understand the intuition; some contents in the slides are not covered, perhaps the course could be better structured and planned.
